

SESSION 2.4. Minimizing conflicts of interests

How to prevent “rubberstamping”

1. Training of the REC`s members.
2. Outside experts - consensus
3. SOP`s.
4. Referral system for REC`s.
5. How much time for one opinion?
6. Accreditation system for REC`s.

Are REC`s competent enough to evaluate insurance policies?

Local law should create a framework for the REC` evaluation.

Insurance policy must be effective – in case of harm there must be the real possibility of compensation.

In some countries international policy may be ineffective.e

Civil liability insurance or “no-fault” insurance.

Devil is hidden in the smallest font of insurance contract.
